

KETTERING TOWN COUNCIL

Meeting	FINANCE & GOVERNANCE	Page 1
Report Originator	Emma Driver	<i>Agenda item No</i> FC21/014
Title	SPEED DEVICES LOCATED AT ALL SAINTS, BRAMBLESIDE AND PIPERS HILL WARDS	

Purpose of Report

To agree the transfer of three speed devices located at the following wards:-
All Saints, Brambleside and Pipers Hill

Information

Before Kettering Borough Council was abolished three speed devices were purchased out of a ward initiative fund.

The devices can be placed in 30 different locations within the wards (see list attached).

Ward Councillors have indicated that they will be happy to move the devices and make sure batteries are recharged.

Our insurance company Zurich have advised that Councillors are insured with Public Liability insurance when moving these devices. However the devices themselves need to be insured should they need replacing. Zurich will insure these devices free of charge for the remainder of our policy (31 March 2022) To add them to our next insurance policy would cost approximately £40.

Recommendations

To agree with NNC the adoption of the three speed devices and to arrange for the transfer of the licence to erect them on the highway, to the Town Council.
