

Study Programme

Ages 16 - 18

Who is Study Programme for?

The Study Programme is ideal for young people aged 16 – 18 who are:

- unsure of their next steps;
- looking to improve their qualifications and skills to access further education, apprenticeships, or employment.

We personalise learning to suit the needs of the individual. Group sizes are small; ideal for students that have individual support needs or are anxious about learning in larger group settings.

What does the programme include?

- Work Skills units
- Functional Skills maths
- Functional Skills English
- Work experience
- Enrichment activities
- Digital Skills

We support your needs with

- Small group learning
- Personalised support
- Face to face learning
- Skills for remote working

What levels can I do?

- Entry Levels 1-3, Levels 1 and 2

Duration:

The duration of our Study Programme is 24 weeks.

Support:

Learners benefit from specialist maths, English and employability tutors, who ensure each student receives the best learning experience.

Progression:

- Further Education
- Apprenticeships and Traineeships
- Employment
